She was devoted of both parents, the father when she was about 12 years old and her mother when she was about 18. She was married to Elijah Kendall, February 2, 1848. Ten children were born to this union. Four of them died in infancy. The others are Mrs. Ruth E. Burleigh of Homestead, Iowa; Rev. J. L. Kendall, University Place; Rev. J. W. In 1852 Elijah Kendall moved with his family to Iowa, settling in Bremer county, and in 1855 entered the ministry, serving the first year in association with Rev. H. J. Kendall soon joined the Upper Iowa conference, and for twenty-nine years previous to and following conference admission served upper Iowa, Des Moines, and California conferences. Ansel, Neb.—Dr. C. L. Housel, the physician attending Wilbur Gettys, the Ansel football player whose death followed a football game last week, emphatically objects to the statement sent out that the lad's neck was broken in the game.

# PROMOTING Prosperity and Protection

That is what the man does who writes the right kind of Life Insurance. Let us give you information about our "Three in One Policies." Almost EVERY MAN EXPECTS to some time have a competence and when he dies leave those dependent upon him well provided for. The large majority never do, because they neglect or refuse to pursue the course that will most surely produce the desired result.

## Reliable Statistics Show

That, on an average, only five men in a hundred make a financial success in this life and carry it thru to the end. Only 4.3 per cent leave an estate of from \$300 to \$1,000 when they die; only 1.5 per cent leave more than \$25,000; and only 1.3 per cent leave an estate of from \$5,000 to \$10,000. In other words, 97 men out of every 100 fail to leave an estate of more than \$1,000, and more than 90 out of 100 leave no estate or less than \$300. These figures are startling, but as they are furnished by the best statistics in the United States, they must be true.

## Systematic Saving with Interest Compounded

With Life, Health and Accident Insurance combined, will accomplish the desired result. By taking out one of our Combination Policies you will within a few years, if you live, have a "nest-egg" worth while. At the same time you protect yourself in case of accident or sickness, and protect those dependent upon you, in event of your death.

## Let Us Tell You

All about it. We shall be glad to do so, without obligation on your part, and also give you such information as you may want on Life Insurance in general.
